GFW.

GIS ANALYST

SALARY · Competitive + benefits

LOCATION · Newcastle

THE OPPORTUNITY:

We are seeking an ambitious and experienced GIS professional to lead and develop the delivery of GIS services across the business. The successful candidate will be responsible for producing high-quality plans, mapping outputs, spatial analysis and data solutions, supporting a diverse portfolio of property, planning, development and land-related projects.

You will oversee technical standards, manage spatial data resources, and provide expert guidance to colleagues across the business. You will play a key role in driving innovation, enhancing GIS capabilities, and promoting the effective use of mapping and spatial data to support client outcomes and business growth.

Working closely with multidisciplinary teams, you will help shape and develop the firm's GIS offering, improving workflows, identifying new opportunities, and ensuring the delivery of high-quality, client-focused solutions. This is a varied, challenging and rewarding role, offering exposure to projects across all property sectors.

Based in our Newcastle city centre office, with a flexible hybrid working policy, this position presents an excellent opportunity for an ambitious GIS professional to take ownership of the GIS function, influence its strategic direction, and progress into a senior leadership role within a growing and dynamic consultancy.

PRIMARY OBJECTIVES:

- Provide effective support for our fee earners whilst developing your own skills. You will be encouraged to enhance your professional profile through building up your own client base.
- Assist our Surveyors across the four core services
- Deliver high quality client-driven results
- Plans and research (not limited to): Farm plans, estate terriers, valuations, Land Registry purposes and Planning and Development.

A SUCCESSFUL CANDIDATE WILL:

- Have a bachelor's graduate degree or above. A qualification related to Geoscience seen as a bonus
- Working knowledge of GIS and specifically QGISDeliver high quality client-driven results
- PostgreSQL and/or use of Trimble surveying equipment seen as a bonus
- Well versed in Microsoft Office products
- Have good written, verbal and presentation skills with excellent eye for detail
- Ability to work in a team with numerous other professionals on complex and exciting projects

WE OFFER:

- Excellent working environment with flexible working
- Membership of the Firm's Pension Plan
- Payment of relevant professional subscriptions
- 28 days annual leave per year, plus bank holidays
- Long service awards
- Inclusion in the Firm's Life Assurance Policy given as three times annual salary
- Company, Team and Individual bonuses
- Employee Assistance Programme
- Enhanced maternity and paternity pay

ABOUT US:

GFW provides property and business consultancy services on a regional basis across Northern England and Southern Scotland. We have a team of 80+ that operate from our three offices providing innovative solutions for clients across the residential, commercial, rural and development sectors.
